

## **REMEDIAL DRIVING CLASSES**

Remedial driving classes may be taken to affect the number of points you have on your driving record with the Ohio Bureau of Motor Vehicles. Remedial driving classes do not remove points from your record, but do give you credits against your point total.

### **KEY ITEMS TO REMEMBER!!**

Remedial driving classes do not remove points from your driving record.

Remedial driving classes give you credits against your point total.

You may take one remedial driving class every three (3) years to receive a two (2) point credit.

You may only take a maximum of five (5) remedial driving classes within your lifetime.

Remedial driving classes may be taken at any time to receive credit as long as you have at least two (2) points on your record.

Remedial driving classes and their credits can be granted as long as you have less than twelve (12) points on your driving record.

Should you have any question regarding remedial driving credits, please contact the Ohio Bureau of Motor Vehicles at their Columbus office. The number is 614-752-7500.

The following page is a list of schools that offer state approved remedial driving classes. Shaker Heights Municipal Court can not and does not endorse or make any recommendations as to which school you might attend. This list is for informational purposes only and was accurate at the time of publication.
