**PETITION APPEALING "12 POINT"
SUSPENSION AND ALTERNATIVE
REQUEST FOR LIMITED DRIVING
PRIVILEGES DURING THE SUSPENSION**

Petitioner)

vs.)

P.O. Box 16520)

Columbus, OH 43216)

Respondent)

This Petition is submitted pursuant to R.C. 4510.037(B). The Petitioner asks the court to withdraw the "12 Point" suspension which the Respondent seeks to impose against his/her license. Alternatively, the Petitioner asks the court for an order granting him/her limited driving privileges during the suspension.

In support hereof, the Petitioner states the following:

1. I have received notice from the Respondent that my license will be suspended on the twentieth day after the notice was mailed due to my accumulation of 12 points with a two-year period. The notice, a copy of which is attached, states that my license will be suspended for a period of six months or until compliance. I am filing this Petition within 20 days after the notice was mailed to me.
2. I allege that I can show cause why the suspension should not be imposed.
3. I am at least 18 years old, I reside within the jurisdiction of this court, and I agree to pay the cost of this proceeding.
4. Alternatively, I request limited driving privileges during the suspension. Presently, my license is not under any other suspension and is otherwise valid. At the hearing on this Petition, I will provide the court with written proof of current financial responsibility.
5. The back of the Notice of Suspension states that if I am granted limited driving privileges the BMV will not consider them valid unless I submit an order granting privileges and other requirements to the BMV. Those requirements are a \$40.00 reinstatement fee, a Certificate of Completion of Remedial Driving Course and Proof of Financial Responsibility (SR22 or bond). If the court grants me privileges, I will submit that order and the above requirements to the BMV and I understand that I must do so before my privileges will be valid.

WHEREFORE, I ask that this Petition appealing my suspension be granted. In the alternative, I ask that I be granted limited driving privileges during the suspension.
